CREDENTIALS

Placeholders

IMPORT-READY

Yes

Workflow Catalog

Workflow	Use Case
lead_form_to_sheets	Capture web form leads and append rows to Google Sheets
email_to_ai_summary	Summarize inbound emails and send a short digest
telegram_alert_router	Route business alerts to Telegram
daily_sales_digest	Send a scheduled sales summary from spreadsheet rows

Handoff Checklist

- Workflow JSON files are import-ready.
- Placeholder credentials are easy to replace.
- Catalog entries point to real workflow files.
- Tests verify workflow names, nodes, connections, and metadata notes.

Scope Notes

- Use official APIs and user-owned accounts.
- Avoid credential sharing, account bypassing, and unsafe scraping.
